

REPRESENT

Intelligent Governance, Business and Finance

PROBLEM

OLD WORLD MODELS IN 2020

Governments' inability to instantly connect with the people between election cycles

Ancient monetary systems burdened with regulations not controlled by the people

Exciting new FinTech advancements that the people may never have control over future adoption, or even continuance

OUR SOLUTION

People Powered Protection

2021

REPRESENT EARLY

Governance

Provide all people a tool for creating a 'united voice' for continual and immediate social protection and reform

VOTE

STAKE

RPT Participants: 99,881

- A. 70% @ 69917
- B. 20% @ 19976
- C. 7% @ 6991
- D. 3% @ 2997

BALANCE

RPT HOLDINGS:
12 388.00

2021

REPRESENT LATE

Business

Provide capitalization services for industry projects with profits distributed directly to Tokenholders

VOTE

HOW IT WORKS - GOVERNANCE

Validated geographical registrants drive petition queries for Land-based Governance

Successful petition queries advance to user-driven elections via push notification

REPRESENT wallet holders transact fee-based Election voting

Instant Crypto DAO proposal voting

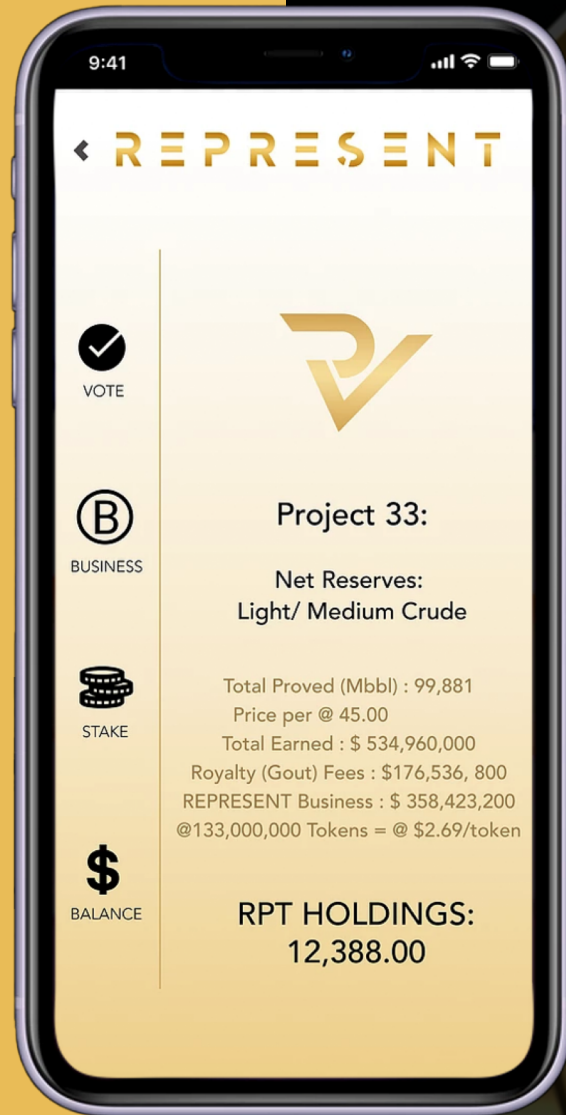

Fast, Secure and Transparent tabulation brings 'majority awareness' to all in geographically defined area (parallel governance)

Majority Protection Awareness (MPA) brings crypto utility to people, increasing mass adoption of 'other' crypto services and educate toward normalcy

HOW IT WORKS - BUSINESS

On-Chain Project
Management of Token-
holder Capitalization for
Industry ventures

Natural Resource
Extraction and
Commercial/Residential
Construction proposals

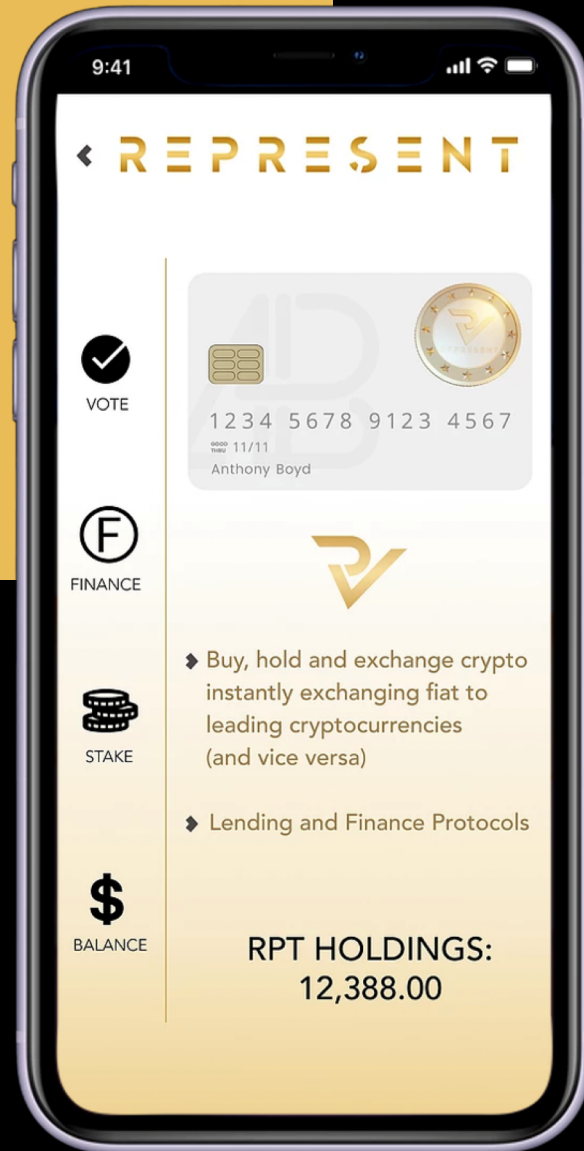

Profits generated past
fees are distributed
directly to Tokenholders

Tier one investment
proposals

HOW IT WORKS - FINANCE

Ease-of-use functionality for non-traditional financial control

Seamless transactional ability between REPRESENT platforms

**CONTINUED INFORMATION PERTAINS
TO THE GOVERNANCE PLATFORM ONLY**

OPERATING PRINCIPLES

Intelligent Geo-aware applications

Deregulated for parallel Governance, Business, and Finance that assigns control to regular participants

Profitable by design

Interoperable Chain Technology for fast, scalable transactions

Transparent, anonymous, secure applications for transition away from old world models

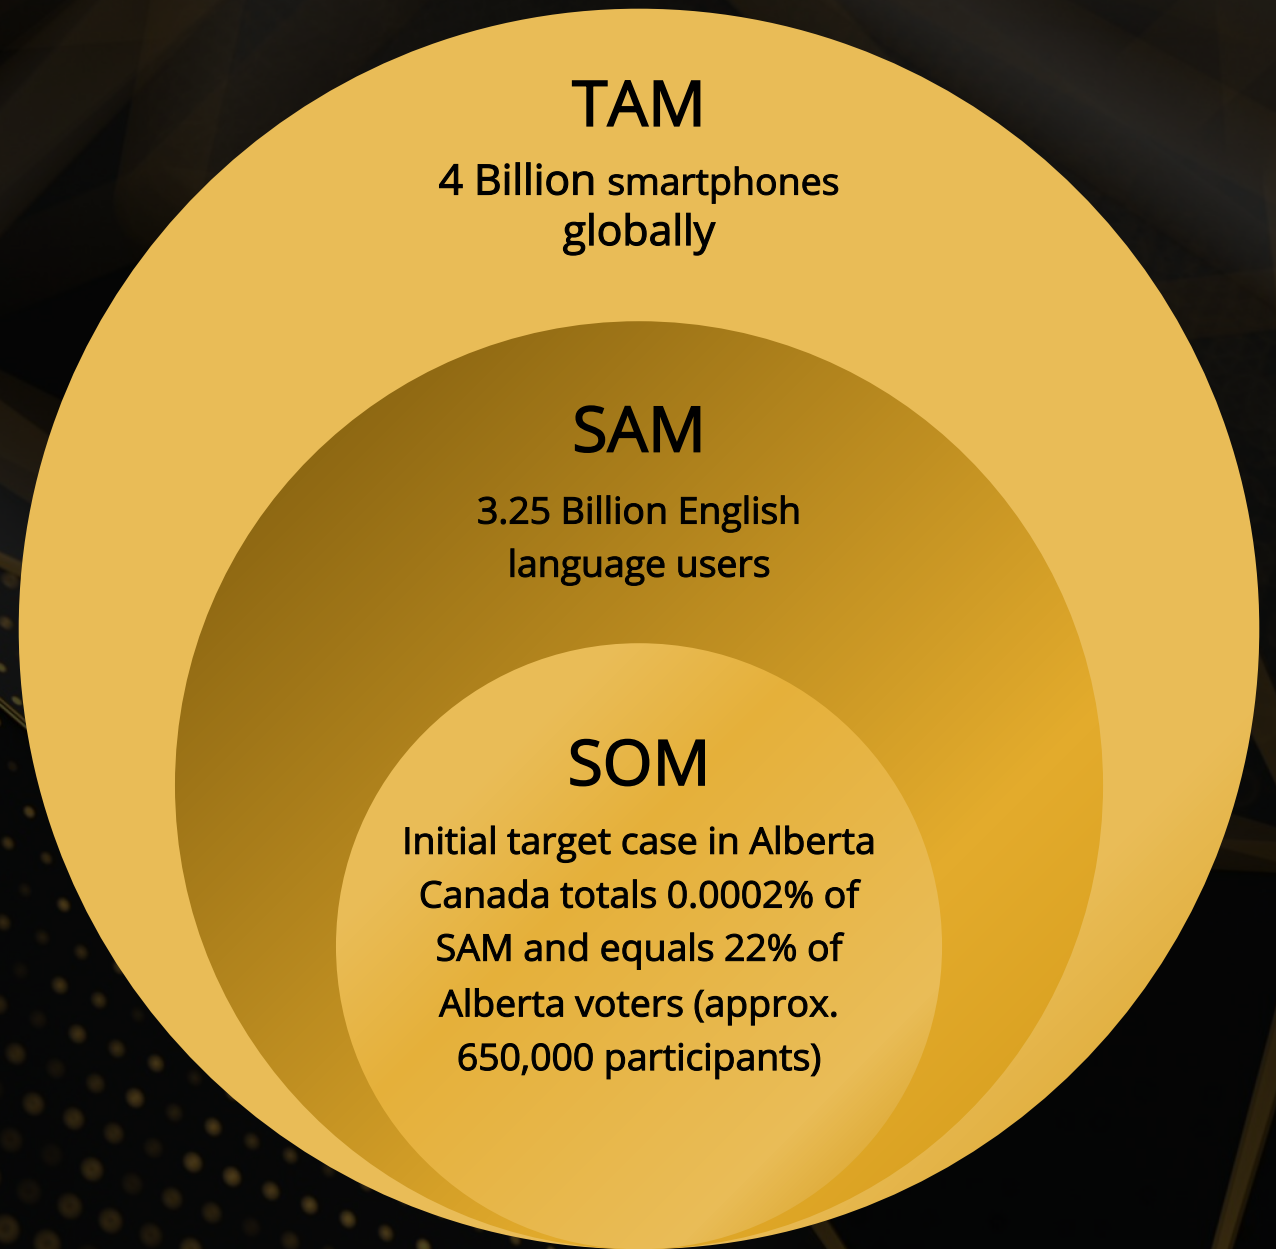

Majority Protection Awareness (MPA) right in your pocket

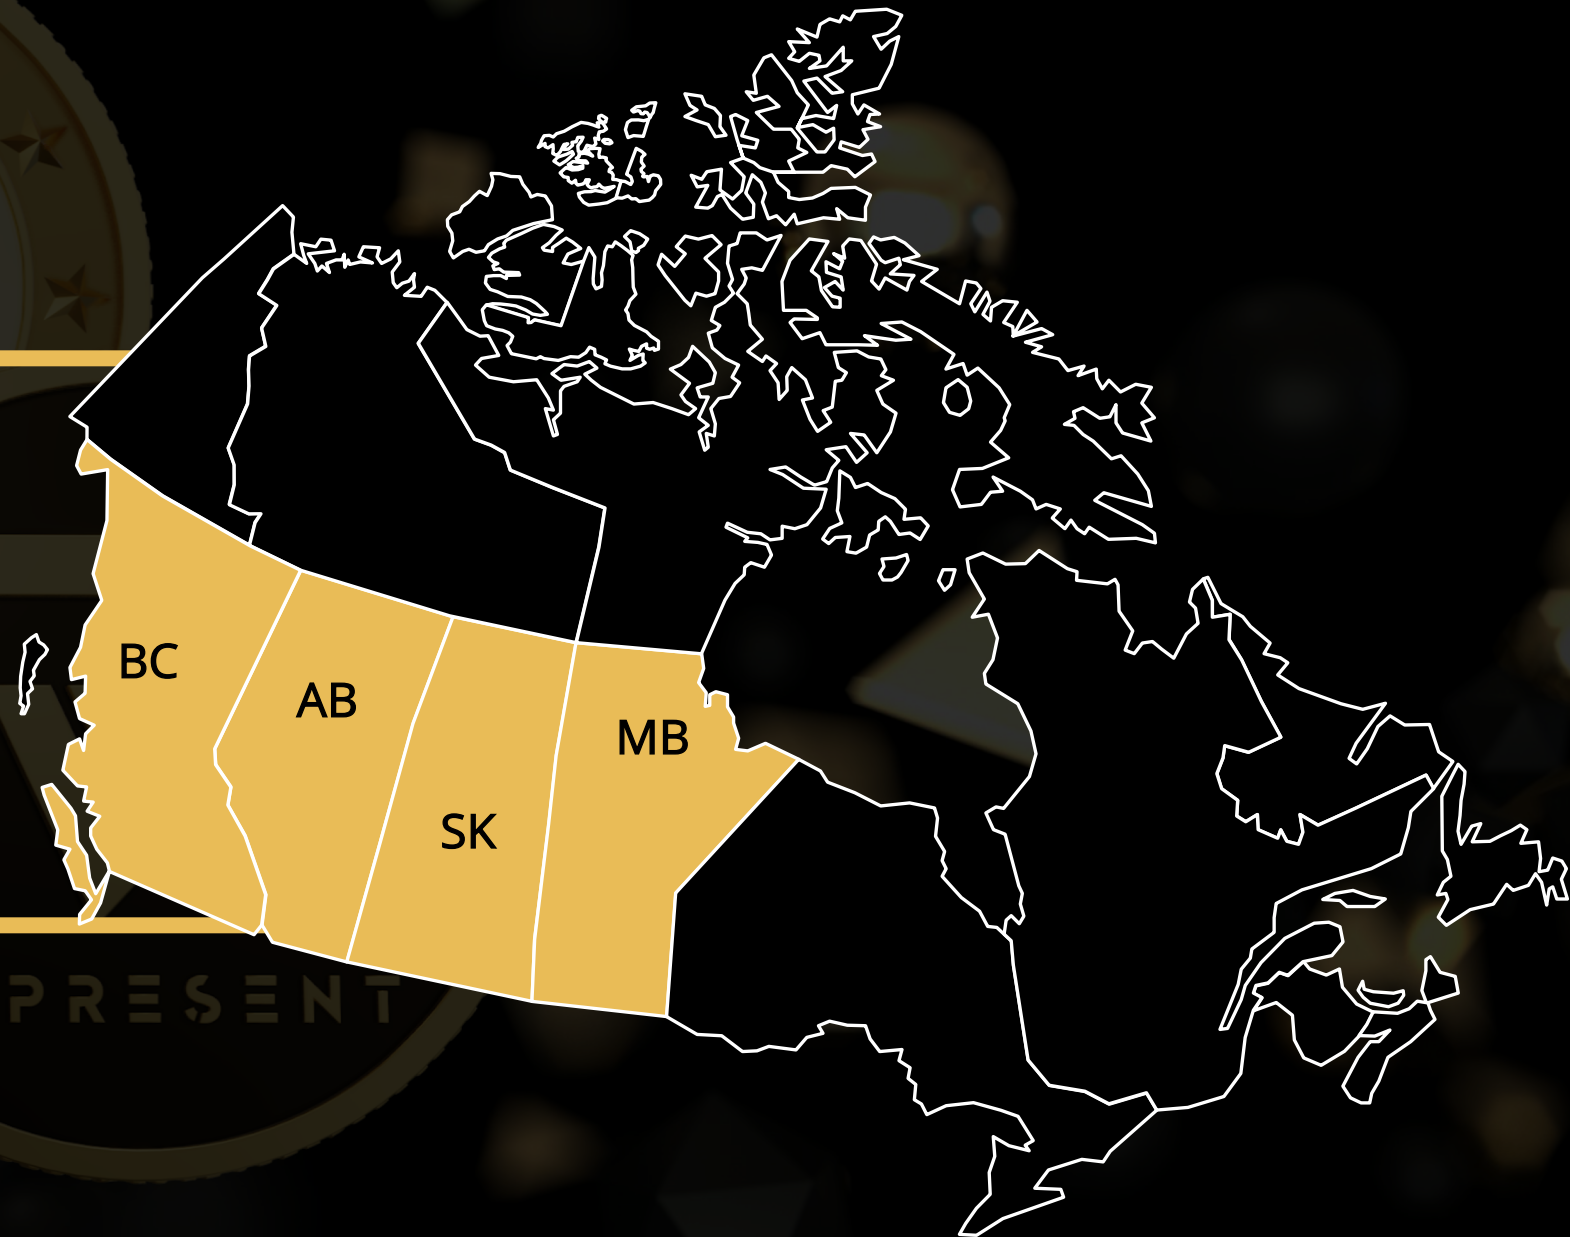

MARKET SIZE

REPRESENTDAO prioritizes the Governance app as its foundational market push because immediate and purposeful use case in continual Majority Protection Awareness (MPA) provides best case scenario for mass adoptive Chain-tech introduction, education and utilization

**INITIAL
TARGET
AREA**

UNDERLYING MAGIC

A voice for 'social protection and reform' demands that organized groups participate – driving user adoption...and as a positive spin-off, educating people about Chain Technology

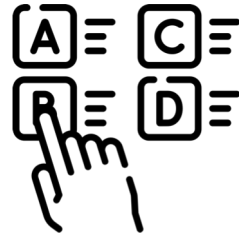

Once one organized group registers to use, opposing groups are forced to join to counter a one-sided statistic...and this use case increases cryptocurrency normalcy to the masses

This Transparent, Anonymous and Secure application will begin as parallel governance to aid in Majority Protection Awareness (MPA) – **but DIRECT Democracy is also a future reality for those learning to understand the technology and adopt the platform**

USE-CASE

Instant-protection voice
against local government
attempts at usurpation
(Majority Protection
Awareness (MPA))

Geographical betterment
thru user-driven
governance (such as voting
"NO" to an additional tax)

Assisting in
government direction
and decisions between
election cycles

USER BENEFITS

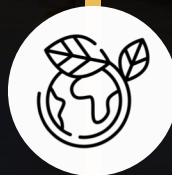

Instant, accurate, user-driven elections/referendums

Instant voting no matter where you are

Instant, secure, transparent tabulation

Environmentally conscience democracy

LOOKING FORWARD - POTENTIAL OUTCOMES OF THE GOVERNANCE PLATFORM

\$500M+

YEARLY REVENUE

Best Case Scenario

Market leader

\$150M+

YEARLY REVENUE

Average Case Scenario

5% of SAM

Worst Case Scenario

The world wants to be ruled by a King and no one votes to protect sovereignty

GO-TO MARKET - SLOGANS

“Five for Freedom”

Signifying needing \$5 in a REPRESENT wallet to vote

“My phone is my MVP”

Signifying Majority Voice Protection against gov’t usurpation

“Twenty TwentyWON”

Signifying humanity (for the first time in the history of humankind) having a method for an immediately-measured, unified majority voice to protect freedom of choice and action in their respective geography

TRACTION SLIDE - PROGRESS TO DATE
